

IT's - TE's - IE's

Three Types of Inbonds

63- (IT) Immediate Transportation

62- (TE) Transportation & Exportation

63- (IE) Immediate Exportation

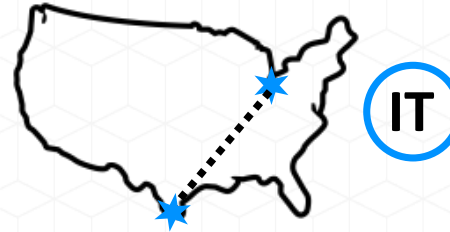

IT entries allows merchandise upon its arrival at a U.S. port to be transported to another U.S. port, where subsequent entry must be filed. (see 19 USC and 19 CFR 18.11)

T&E entries allows merchandise to entered at a U.S. port for transit through the United States to another U.S. port, where the merchandise is exported without payment of duties. (see 19 USC 1553 and 19 CFR 18.20)

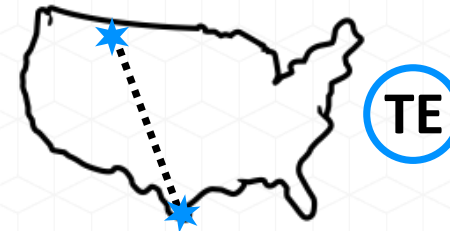

IE entries allows cargo that has arrived at a U.S. port to be immediately exported from that same port without the payment of duties. (see 19 CFR 18.7 and 18.25)

trade.cbp.dhs.gov/ace/dashboard/public/

example: a shipment can be moved from Canada to Pharr, TX but can't be exported.

example: a shipment moving from Canada to Pharr, TX; the shipment can be cancelled or exported.

example: an IT shipment is arrived in Pharr, TX to be exported to Mexico.

Different scenario, if shipment is arrived in Pharr, but will be exported through Brownsville, a TE would apply.
